I'll keep an eye out for the invite and will try my best to be there.

Thanks,  
Sara

**Subject:** Quick Sims briefing for Kathleen Johnson

Hello again Sims Team,

It turns out David and I will be briefing Kathleen Johnson on Sims, probably next week.... no Power Point, not much on

## Ex. 5 Deliberative Process (DP)

It would be great to have you join us, but don't feel like you have to... though Rich, please be there.  
You all will be getting an invite.

Thx again,  
juliet

Sims Team,  
Thank you for all the input today.

Ex. 5

# Ex. 5

# Ex. 5

(Please feel free to add to this list and transmit to me.)

You'll see highlighted below what I requested Sims (Melisa Cohen) describe to us at the 8/29 mtg with them.... we want them to describe the type and extent of remediation they have in mind.

See you all then, and let me know if you think of any other points/questions, etc.

Thx!

Melisa,

We recently received from your consultant the supplemental grab sample results from along the north and south riprap intertidal area. We appreciate the cooperation of Sims and your consultants throughout the development and implementation of the Sediment Sampling and Analysis Plan. We look forward to meeting with you on August 29, 2017 at 10 am to discuss all of the Sims's Redwood City sample results, and the next compliance measure, the Sediment Remediation Plan. For our meeting on the 29<sup>th</sup>, we would appreciate Sims describing to us the type and extent of remediation you propose at the site. We have reviewed the sample results and can provide feedback to your proposal(s) during the meeting. Ideally, our discussion on the 29<sup>th</sup> will help Sims effectively and efficiently develop and implement the SRP.

Sincerely,

Juliet Hannafin
